# SITUATION SUMMARY

## Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|-------------------------|-------------------|--------------------|---------------------|
| Level 1                 | Normal Operations | Normal Operations  | Normal Operations   |

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

# **SITUATION SUMMARY**

## **Coronavirus Disease 2019 (COVID-19) (Continued)**

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/15/21 at 1715 hours:**

- 177,200,692 (+2,628,233) total confirmed cases
- 3,832,346 (+75,660) total deaths

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/15/21 at 1715 hours:**

- 33,303,285 (+95,797) total confirmed cases
- 597,594 (+2,293) total deaths

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/15/21 at 1715 hours:**

- 3,697,927 (+6,267) total confirmed cases

### **COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/15/21 at 1715 hours:**

- 39,789,490 (+1,137,292) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

## **Phase II Activation of the Heat Contingency Plan**

Phase II of the California Heat Contingency Plan was activated on June 16, 2021 through Sunday, June 20, 2021 due to forecasts of dangerous and excessive heat for portions of Inland, Coastal, and Southern Regions. State agencies will be contacted for actions in accordance to the Heat Contingency Plan.

- A widespread and long duration heat wave will continue across much of the state through the weekend. High temperatures will range from 100 to 110 degrees across the Central Valley, while inland areas of southern California range from 100 to 120 degrees, even hotter near Death Valley. These temperatures will be dangerous for a large segment of the population and the potential to significantly increase heat related illnesses, particularly for those working outdoors, participating in outdoor activities, and those who are heat sensitive. Elevated to locally critical fire weather conditions can also be expected along and east of the Sierra, as well as interior locations across Southern California through the weekend, as winds gust 25-40+ mph at times and very dry weather continues.

## **California State of Emergency Proclamation**

On 06/17/21, Governor Gavin Newsom Proclaimed a State of Emergency for California, as a result of the June Extreme Heat Event that began on 06/16/2021 to free up additional energy capacity. Refer to <https://www.gov.ca.gov/wp-content/uploads/2021/06/6.17.21-Extreme-Heat-proclamation.pdf> for more information.

# **SITUATION SUMMARY**

## **Cal OES INLAND REGION**

### **Teviston CSD Water System Failure, Tulare County**

On Monday, 6/14/21, Tulare County OES reported a water system failure in the community of Teviston, which has 110 service connections and a population of approximately 348.

- Tulare County OES coordinated the delivery of bottled water to each residence, which should provide enough water through the weekend and through the Excessive Heat Warning weather event. Participating agencies included several Tulare County departments, Self Help Enterprises, Community Services Employment Training (CSET), and Cal OES Inland Region.
- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

## **Cal OES COASTAL REGION**

- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

## **Cal OES SOUTHERN REGION**

- Refer to Situation Cell Incident Report for detailed Weather Watches and Warnings.

## FIRE ACTIVITY

### Cal OES Fire Preparedness Levels

| National             | Northern California                           | Southern California                           |
|----------------------|---|---|
| Preparedness Level 2 | Preparedness Level 2                          | Preparedness Level 2                          |
|                      | Multi-Agency Coordination System MACS Mode: 2 | Multi-Agency Coordination System MACS Mode: 2 |

**Note:** The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

#### Cal OES Fire Missions

**2019-FIRE-402:** California National Guard (CNG) personnel assigned to fuel reduction efforts in CAL FIRE Units: Shasta/Trinity, Nevada/Yuba/Placer, San Benito/Monterey and Fresno/Kings.

- 5 CNG 20-person Hand Crew to support CAL FIRE (to include all necessary personnel, support, transportation and materials).
- 65 additional soldiers to be trained and ready to backfill.
- Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 crew in each unit with the exception of 2 crews in FKU).

#### Prepositioned Resources:

The following resources have been requested by the local Operational Areas and approved via the California State Mutual Aid Pre-Incident Preparedness Guidelines.

#### **Region I:**

- **Los Angeles County:** XLB: 2 Local Government Strike Teams (10 Local Government Type 1 Engines) Start Date: 6/15/21 0800
  - Approved Extension through 6/19/20
- **Santa Barbara County:** XSB: 1 Local Government Strike Team (5 Local Government Type 3 Engines), 1 Local Government Type 1 Water Tender, 1 Local Government Type 1 Crew, 1 Dispatcher. Start Date: 06/14/21, 1200 hours for 48 hours
  - Approved Extension through 6/18/20

# FIRE ACTIVITY

## Prepositioned Resources: (Continued)

### Region VI:

- **San Bernardino County:** XBO: 1 Local Government Strike Team (5 Local Government Type 3 Engines), 1 Local Government Type 2 IA Crew  
Start Date: 6/17/21 0800

# MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

## Lifeline Route Closures

| Northern California        | Central California         | Southern California        |
|----------------------------|----------------------------|----------------------------|
| No Lifeline Route Closures | No Lifeline Route Closures | No Lifeline Route Closures |

### Lifeline Routes:

- There are no lifeline route closures.

### Non-Lifeline Routes:

- Click [here](#) for a list of current road closures.

### Wildfire Closures:

- State Rout 70 is closed due to a vegetation fire from Meadow Way to 2.1 miles east of Portola at Grizzly Road. No estimated time of reopening.

### Emergency Center Activations:

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

| Northern California | Central California | Southern California |
|---------------------|--------------------|---------------------|
| No 911 Outages      | No 911 Outages     | No 911 Outages      |

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Hollywood Area, Los Angeles County (Final)

**Update #2:** AT&T has reported that the Community Isolation affecting VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028) is affecting 450 users, which is below the major outage reporting threshold, therefore, this will be the final report on this outage. **Update #1:** AT&T has reported that the Community Isolation affecting 51,154 VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028) is still ongoing. **Initial:** AT&T has reported a Community Isolation affecting 51,154 VoIP and Wireline users in the Hollywood area of Los Angeles (zip code: 90028). The cause is unknown at this time.

- Time Outage Started: 06/17/2021 1411 hours
- Time Outage Reported: 06/17/2021 1517 hours
- Time of Resolution/Restoration: Estimated 06/17/2021 1611 hours
- Total Outage Time: N/A
- Jurisdiction Affected: Los Angeles Police Department
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline and VoIP Users Impacted: Yes

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- A Fire Weather Watch will be in effect starting Friday at 1500 hours and end Friday evening at 2100 hours due to gusty winds.
  - This event will impact Modoc County except for the Surprise Valley.
  - Winds 10 to 15 mph with gusts of 25 to 30 mph.
- Multiple Excessive Heat Warnings and Watches throughout the Sacramento Valley, Coastal, foothills, and mountain regions in Northern California have been issued lasting into Friday and Sunday evening.

## **SOUTHERN CALIFORNIA**

- Excessive Heat Warning through Saturday night for the San Diego County Deserts and Coachella Valley. High temperatures of 112-120 expected.
- Excessive Heat Warning through Saturday night for the Apple and Lucerne Valleys of San Bernardino Counties.
- Excessive Heat Warning for the San Diego County Valleys. Hottest areas will be in valleys near the foothills with high temperatures of 90-100.
- Excessive Heat Warning to Saturday night for the San Bernardino, Riverside, and San Diego County mountains.
- Gusty winds each afternoon and evening will lead to elevated fire weather conditions for the deserts onto the desert slopes of the mountains.
- A Fire Weather Watch will be in effect starting Friday at 1100 hours and end Friday evening at 2000 hours due to potential thunderstorms.
  - This event will impact Owens Valley and the Southern Inyo Forest.
  - Wind gusts 30 to 40 mph.

### **Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# WEATHER KEY POINTS

**06/18/21 - 06/24/21**

## Friday - Sunday

- Other than isolated mountain thunderstorms Friday, dry and hot weather is expected through the weekend
- A widespread and long-duration heat wave will continue across much of the state through the weekend
  - High temperatures will range from 100 to 110 degrees across the Central Valley, while inland areas of southern California range from 100 to 120 degrees, even hotter near Death Valley.
  - **These temperatures will be dangerous for a large segment of the population!**
  - Extreme heat will significantly increase the potential for heat related illnesses, particularly for those working outdoors, participating in outdoor activities, and those who are heat sensitive
- Elevated to locally critical fire weather conditions can also be expected along and east of the the Sierra, as well as interior locations across southern California through the weekend, as winds gust 25-40+ mph at times and very dry weather continues

## Monday - Thursday

- Cooler and more seasonable daytime temperatures are expected through much of the work week, though moderate heat risk impacts will still be possible across inland portions of Southern Region
- Locally gusty winds will continue to be possible, including across interior southern California, though relative humidity values should be somewhat higher in most locations
